January 17, 2017

Attention:

Effective Immediately a Boil Order has been placed for the community of Sutcliffe until further notice pending testing of water. Residents are strongly discouraged to not bathe with the water. The water is okay to use for washing clothes and dishes. Water is currently being recharged into the system over the next two day and will have a strong chlorine smell when coming out of faucets due to purification process.

Highway 446 is expected to be open and operated by NDOT on Thursday 1-19-2017.

Highway 445 North of Pelican Point is closed with the exception of service vehicles until further notice.

Thank you!
